Chapter 3

Enquiries

Requisitions Enquiry

1/DQE

To enquire on the recommended order lines, i.e. requisitions, generated from Drinks Inventory Management, MPS, MRP or Drinks DRP.

You can also enquire on distribution and purchase orders relating to individual requisitions.

Requisitions Enquiry Selection Screen

Select the Requisitions Enquiry option.

This enables you to select the requisitions you wish to see.

05-26	SA	MM	KS IM II KENB20A PED170S1

Fields:

All/Outstanding

Enter one of the following:

- 1 - For all requisitions.
- 2 - For outstanding requisitions.

Release Flag

If entered, selects only requisitions with the specified release flag assigned to them. Leave blank for all.

Item

If entered, must be a valid item and only requisitions for this item are selected. The item must exist in the Drinks Inventory Management Item Master file. Leave blank for all.

Supplier

If entered, the supplier must exist on the Supplier Master file within the Accounts Payable application. The only exception to this is if DRP is installed, then the supplier may be a Supply Centre code defined to Drinks DRP. If entered, only requisitions for the specified supplier are selected.

Purchase Officer

If entered, the Purchase Officer must exist on the Purchase Officer file in Drinks Purchase Management. If it does, only requisitions assigned to this officer are selected.

Order Class

If entered, order class should be in the range 1 to 8 inclusive. If so, only requisitions with the specified order class are selected.

Stockroom

If entered, must be a valid stockroom code as defined to Drinks Inventory Management. If specified, only requisitions destined for the entered stockroom are selected.

Requisitioner

If entered, must be a valid Requisitioner User ID in the Authorisation file. If specified, only requisitions manually entered by this Requisitioner will be selected.

Department

If entered, must be defined to at least one Requisitioner in the Authorisation file. If specified, only requisitions required by this Department will be selected.

Note: This field is Case Sensitive.

Press **Enter**. On valid entry the Requisitions Enquiry Status Screen is displayed with details of requisitions satisfying the selection, if any.

If no selections are specified, all requisitions or all outstanding requisitions for this company will be displayed on the Requisitions Enquiry Status Screen.

Requisitions Enquiry Status Screen

This screen is displayed when you have made valid selection in the Selection Screen.

This procedure enables you to enquire on the status of selected requisitions.

Fields:

Item

A code representing the requisitioned item.

Supplier

This code represents one of the following:

P Off

The Purchase Officer responsible for this requisition.

SR

The code assigned to the stockroom for which the requisition has been raised.

Quantity/UOM

The recommended or manually specified order quantity expressed in the appropriate unit of measure.

Price/UOM

The price, price unit and discount for the requisition. DRP centrally supplied items are not priced.

Cur

The Currency Code for the supplier.

Requisitioner

The Requisitioner's User ID.

Department

The Requisitioner's Department, as entered on the Selection screen.

Authoriser

The User ID of the allocated Authoriser, if applicable.

Due

The due date for the requisition.

Req/Ord No

The (automatically allocated) Requisition or Order Number.

An external supplier

or

An internal supply centre (as defined to Drinks DRP)

Note: If the order has been created as a back to back a 'BB' will appear at the end of the line.

Note: Supply centres are in reverse colours on this screen for identification of an internal requisition within the company, rather than one relating to an external supplier.

Note: The Requisition must have been converted to an order to view the Order Enquiry screen.

Functions:

F13

Display the Details screen.

Enter a '1' against a line to see the Order Enquiry screen, or

'2' against a line to see the Purchase Text for the Requisition, or

'3' against a line to see any sales orders reserved against this requisition. This is only applicable if the 'back to back' indicator is set on the Drinks Sales Order Processing company profile.

Requisition Enquiry Details Screen (F13)

This screen is displayed when you have pressed **F13=Details** on the Requisitions Enquiry Status Screen.

This screen enables you to view requisitions and amend the requisitions text if necessary.

F3=Exit F12=Previous F14=Status									
7-2	SR	MW	KS	CL	IM	DM	II	KENB20A	KB PET087S1

Fields:

Item

A code representing the requisitioned item.

Supplier

This code represents one of the following:

An external supplier

or

An internal supply centre (as defined to DRP)

Note: Supply Centres are in reverse colours on this screen for identification of an internal requisition within the company, rather than one relating to an external supplier.

P Off

The Purchase Officer responsible for this requisition.

SR

The code assigned to the stockroom for which the requisition has been raised.

Cl's

The order class for the requisition.

1 - 4 for stocked orders.

5 - 8 for non-stocked orders (6 for services).

Quantity / UOM

The recommended or manually specified order quantity expressed in the appropriate unit of measure.

Price / UOM

The price, price unit and discount for the requisition. DRP centrally supplied items are not priced.

Cur

The Currency Code for the supplier.

Rlsf

Release flag value. May be used to select requisitions for amendment, reporting or conversion to orders. This value is totally user-defined and each alphanumeric value may have its own meaning.

Description / Cost Code

Item description for stocked items or the Cost Code for non-stocked items.

Due

The date that delivery of these goods is desired, as calculated by Drinks Inventory Management, Production, Drinks DRP or manually specified.

Source

The order source (Manual, Drinks Inventory Management, Production or Drinks DRP).

Discount

The discount for the requisition.

Status

The status of the requisition/order:

'To Be Authorised'

'Authorised' or

'Rejected'

Functions:

F14

Display the status screen.

Notes:

The description of the requisitioned item is displayed below the Item Code.

If any of the fields are displayed in reverse image, this indicates that the value of the field is

invalid.

If the Item is displayed in reverse image, then either the item is not valid within Drinks Inventory Management, or there is insufficient stock.

If the supplier name is displayed in reverse image, then the supplier does not exist in the Supplier Master within the Accounts Payable. This field will also be displayed in reverse image if the supply is via a Distribution order.

If the Purchase Officer's name is displayed in reverse image, then this code does not exist on the Purchase Officer file in Drinks Purchase Management.

For requisitions which have been connected to orders, use option '1' to give access to the appropriate orders enquiry.

Requisition text may be viewed and maintained by selecting option '2' against a requisition line.

For requisitions which have been created to satisfy specific sales orders the orders against which the requisition has been reserved may be viewed.

Requisitions Enquiry Order Enquiry Screen (Option 1)

This screen is displayed when you have entered option '1' next to a line on the Requisitions Enquiry Status Screen, or the Requisitions Enquiry Details Screen.

The system will display the order enquiry screen from Purchase Management. For further details regarding this enquiry, please refer to the Purchase Management product information.

Press **F12=Previous** to return to the Requisitions Enquiry.

Requisitions Enquiry Text Screen (Option 2)

This screen is displayed when you have selection '2' next to a requisition on the Requisitions Enquiry Details Screen.

This screen enables you to maintain purchasing text for the selected requisition. This text may be transferred to Drinks Purchase Management when the requisition is converted into a purchase order line.

Note: The unique number assigned to the requisition is displayed in the upper right hand corner of the requisition text screen.

Fields:

Text

Up to 45 characters may be entered on a single line, and up to 99 lines may be used. No validation is otherwise performed. Lines may be left blank between entered lines.

Position To

Must be a line number in the range 01 to 99.

If a valid 'Position To' is entered, the text display begins at this specified line number.

Insert

Must be a number of lines in the range 01 to 99.

If 'Insert' is specified, the appropriate number of lines are inserted after the line number entered.

After

Must be a line number in the range 00 to 98.

If 'After' is specified, the appropriate number of lines are inserted after the line number entered.

Delete

Must be a number of lines in the range 01 to 99.

If 'Delete' is specified, all text lines from the entered line number are removed from the display.

From

Must be a line number in the range 01 to 99.

If 'From' is specified, all text lines from the entered line number are removed from the display.

On selecting **F8=Update**, the text entered is updated in the text file for the requisition. No amendments, insertions and deletions are actually performed in the text file until the update key is used.

Requisitions Enquiry Reservations Window (Option 3)

 This window is displayed when you have entered '3' on the Status Screen or the Details Screen.

This displays any sales orders which have reservations against this requisition. This is only applicable if the 'back to back' indicator is set on the Drinks Sales Order Processing company profile.
