Enquiries

Drinks Telesales Enquiries

There are six enquiries available in Drinks Telesales, designed to provide rapid and complete access to the data contained within the system and to display it in an efficient and ergonomic manner.

The enquiries are as follows:

- Call List (available from both the Processing and Enquiries/Reports menus).
- Whole Orders.
- Stock Availability.
- Promotions.
- Call Planning.
- Management.

The Whole Order and Stock Availability enquiries are common to the standard Drinks Sales Order Processing and Inventory Management modules, providing a view of the order bank and the stock position. Please refer to the Drinks Sales Order Processing, or Drinks Inventory Management Product Information for further details.

The enquiry functions are located on the Drinks Telesales Enquiries / Reports menu.

Call Lists Enquiry

1/DSE

21/DSP

The Call Lists enquiry displays details of call list entries and shows details of any actions taken.

This task displays details for a selected range of calls.

Call Lists Enquiry Selection Screen

Select the Enquire On Call Lists option, or Select the Call Lists option.

The screen displays a list of the possible order statuses for selection together with a field for an operator. A single operator or all operators can be selected.
