Reports

Drinks Telesales Reports

Drinks Telesales enables the following reports to be produced:

- Customer Details.
- Sales Prompts.
- Operator Profiles.
- Reason Codes.
- Promotion Details.
- Buying Lists.
- Daily Call List.
- Daily Operator Extracts.
- Performance Statistics.
- Company Profile.

Note: The company profile report produces a print of the company profile parameters and settings for the current Drinks Telesales company.

The other reports are described in detail in this section.

These functions are all located in the Drinks Telesales Enquiries / Reports Menu.

Customer Details Report

21/DSE

This task reports on all the information concerning a customer which is used by Drinks Telesales. This can be used as a general audit or to provide the status of an individual account.

Customer Details Report Selection Screen

Select the Customer Details option.

```

                                           16:40:41

Call List Report Selection

Operator Code From..?. 2501

Operator Code To....?. ____

Select a range of operators to report on , or leave blank for the whole
call list to be printed.

-----
F3=Exit  F8=Submit  F12=Previous

01-02    SF      MW      KS      IM      II  KENB20A  PED170S1
```

Fields:

Operator Code Range

Enter either individual operator codes, or leave blank to report on all operators.

Press **F8=Submit** to submit the report to print.

Daily Operator Extract / Report

29/DSE

This option extracts the day's operator statistics, and prints the standard Daily Performance Statistics Report.

It would normally be built into the automatic day end job stream, run before the new call lists are generated.

Select the Daily Operator Extract / Report option.

Press **F8=Submit** to submit the report to print.

Operator Performance Report

30/DSE

This reports on operator/salesman/territory or region performance for a particular period of time.

It works over the extracted performance details, created by the Daily Operator Extract function.

Operator Performance Report Selection Screen

 Select the Operator Performance option.

                                                16:31:54

Performance Statistics Report Selection

Select Level Of Report By Entering A "1" Against Each Level To Report Upon

Operator ..... -
Salesman ..... -
Territory ..... 1
Region ..... -

Select Time Period Of Report To Produce , Year Must Be Entered , and Period or
Week. If Week & Period Are Left Blank The Report Will Be For The Whole Year.

Year ..... _
Period ..... _
or
Week ..... _

F3=Exit

10-40  SF  MW  KS  IM  II  KENB20A  PED170S1
```

Fields:

Selection Range

Enter the required people or areas on which to run the report.

Year

Enter the year for which the details are to be reported.

Period or Week

(Optional.) Enter the Period or Week for which the details are to be reported.

 Enter a '1' against the lowest level to be printed, and further '1's against the additional 'totals' levels that should be printed.

 The reported details for the selected time period are totals at the lowest requested level, plus totals for each of the higher requested levels.

 Press **Enter** to send the report to print.

The following details are printed:

- Total Calls Made (Incoming and Outgoing), including those Abandoned and Re-scheduled.
- Total Calls Outgoing.

- Total Calls Outgoing, resulting in Orders.
- Percentage Calls Outgoing, resulting in Orders.
- Total Calls Incoming.
- Total Calls Incoming, resulting in Orders.
- Percentage Calls Incoming, resulting in Orders.
- Total Calls NOT resulting in Orders.
- Total Abandoned Calls.
- Total Re-scheduled Calls.
- Percentage Calls Abandoned, Re-scheduled, or NOT resulting in Orders.
- Total Days Worked in the time period.
- Total Calls Made per man-day in the time period.
