Chapter 1

Maintenance

Maintenance Introduction

This section covers the configuration and Master File maintenance procedures. You will need to define the following data:

- Returns Officers.
- Collection Instructions.
- Receiving Address.

Returns Officers

1... 1/CRM **2...**

A returns officer is an employee within the company responsible for the processing or authorisation of goods returned from customers. A returns officer number is associated with each return note created.

Use this option to enter or amend returns officer names and authorities.

Returns Officer Maintenance Selection Screen

Select Returns Officer.

Use this screen to select a returns officer number.

CR167	Z1 - Demonstration Company	User SP1	25/08/94 16:20:02
Returns Officer Maintenance			
Enter Returns Officer number...?... <u>1</u>			
F3=Exit F4=Prompt			

Fields:

Enter Returns Officer Number

Enter the code of a valid returns officer to maintain existing details or enter an unused code to define a new returns officer.

Press **Enter**, to display the details screen.

Returns Officer Maintenance Details Screen

To display the details screen, on the Returns Officer Maintenance Selection Screen, enter a returns officer number and press **Enter**.

Use this screen to enter or amend details for the selected returns officer.

CR167	Z1 - Demonstration Company	User SP1	25/08/94 16:20:06
Returns Officer Maintenance			AMENDMENT
Returns Officer Number...	1		
Returns Officer Name....	<u>Deborah A. Jones</u>		
Extension Number.....	<u>1265</u>		
Authorisation Allowed....	<u>1</u>	(0=No,1=Yes)	
F3=Exit F11=Delete F12=Previous			

Fields:

Returns Officer Number

Displays the code of the returns officer selected on the previous screen.

Returns Officer Name

Enter the name of the returns officer.

Extension Number

Optionally enter a telephone extension number for the returns officer.

Authorisation Allowed

Specify if the returns officer can authorise returns, in return entry or returns authorisation, from customers.

Enter one of the following:

1 - Officer allowed to authorise returns.

0 - Officer unable to authorise returns.

Warning: You cannot print Return Notes nor receive returns until authorisation has taken place.

Press **Enter** to update the returns officer details.

Collection Instructions

2/CRM

Use this option to enter or amend collection instructions.

Collection Instructions provide general instructions for returns. You can select collection instructions for printing on return notes in Returns Entry or Amend.

Collection Instructions Maintenance Selection Screen

 Select Collection Instructions.

Use this screen to select a collection instructions code to maintain collection instructions.

	line 2		
	line 3		
F3=Exit F11=Delete F12=Previous			

Fields:

Collection Instructions

Enter up to three lines of collection instructions. You can select these instructions for printing on return notes where they can provide information on the method of retrieval of returnable goods.

Note: At least one line must be completed.

Press **Enter** to update the collection instructions.

Receiving Addresses

1... **2...** 3/CRM

Use this option to enter or amend standard customer returns receiving addresses for returned goods.

You can select the receiving address you want to print on return notes. This address defines where goods returned from customers are delivered.

Optionally, you can directly enter unique receiving addresses during Return Note Entry or Amend.

Receiving Address Maintenance Selection Screen

Select Receiving Addresses.

Use this screen to enter a receiving address code to select the receiving address details to maintain.

CR259	Z1 - Demonstration Company	User SP1	25/08/94 16:20:23
