Chapter 4

Reports

Reports Introduction

The reports in Customer Returns can be grouped into one of three categories:

Action Reports

These reports are used to trigger actions to be taken, and are necessary to progress a return through the application:

- Print Return Notes.
- Print Goods Returned Notes/Labels.

Status Reports

These show the current position of the return within the application:

- Returns Expected.
- Receipts not Credited.
- Returns Commitment.
- Receipts and Adjustments.

Audit Reports

The following audits are provided for processing functions in Customer Returns:

- Returns Amendment Audit.
- Receipts and Adjustments.

Print Returns Note

1/CRR

This report prints or re-prints authorised return notes within the selected criteria of stockroom and request date range.

Frequency	As required.
Stationery	Return Note forms.
Print Positions	132.
New Page	Change of return note. Overflow.

The following Return Notes are printed:

- Those specified to be printed but not yet printed.
- Those for which re-printing has been specified.

Return Note Print Selection Screen

Select Print Returns Note.

Use this screen to specify the criteria for the returns notes that you want to print.

CR092	Z1 - Demonstration Company	USER SP1	25/08/94 16:58:40
Return Note Print			
Stockroom.....?	<u>01</u>		
Request date from..	<u>250894</u>		
Request date to....	<u>250894</u>		
F3=Exit F4=Prompt F15=No Selection			

Fields:

Stockroom

Enter a stockroom code for which return notes are to be printed.

Request Date Range From/To

Enter a range of request dates between which return notes are to be printed. Request date represents the date on which the return requirement was acknowledged. This date is entered in Return Note Entry.

*Note: If all outstanding return notes are required to be printed select **F15=No Selection** to immediately submit the batch printing job.*

Functions:

F15

No Selection. Submit a job to print all outstanding return notes which require printing (in other words, no selection criteria are required).

Press **Enter** to display the Return Note Confirmation Screen.

Return Note Print Confirm Screen

 To display this screen, specify your selection criteria on the Return Note Print Selection Screen and press **Enter**.

Use this screen to confirm your selection criteria for the report and to submit the batch print job.

CR092	Z1 - Demonstration Company	USER SP1	25/08/94 16:58:55
Return Note Print			
Stockroom..... 01			
Request date from.. 250894			
Request date to.... 250894			
F3=Exit F8=Submit F12=Previous			

The stockroom and range of dates specified on the previous screen are displayed for confirmation.

 Select **F8=Update** to submit the batch print job.

Print Goods Returned Note

2/CRR

This prints the goods returned notes for all return receipts made since this option was last invoked.

Note: Goods returned notes will only print if this is specified at company profile level in Customer Returns.

Frequency	As required.
Stationery	Goods Returned Note forms.
Print Positions	132.
New Page	Change of GRN. Overflow.

There are no selection criteria for this report. .

Note: If catchweight is used in this company, the secondary values and UoMs are printed.

When you select the menu option, a confirmation window will display allowing you to submit the GRN batch print job

Returns Amendment Audit

 **3/CRR**

This report provides an audit trail of all amendments made to return notes, giving before and after images, since this option was last invoked.

1... 7/CRR
2...

This report provides an overall picture of returns activity for a specified range of dates including outstanding returns and optionally received and/or credited returns.

Frequency	As required.
Stationery	Standard listing paper.
Print positions	132.
New page	Change of period. Overflow.
Totals	Value of returns per period. Total value of returns.

Returns Commitment Selection Screen

Select Returns Commitment.

Use this screen to specify the selection criteria for the returns commitments that you want to report on.

CR026	Z1 - Demonstration Company	User SP1	25/08/94 17:00:39
Returns Commitment Report			
Receipt Dates From..... <u>250894</u> To <u>250894</u>			
Received Returns..... <u>1</u>		) 'Enter '1' - Select	
Credited Returns..... <u>1</u>		) '2' - Omit	
F3=Exit F8=Submit			

Fields:

Receipt Dates From/To

Enter the range of dates between which returns details are to be included in this report. The date range defaults to show details for the current date only.

Received Returns

Enter one of the following:

- 1 - Include received returns in the report.
- 2 - Exclude received returns from the report.

Credited Returns

Enter one of the following:

- 1 - Include credited returns in the report.
- 2 - Exclude credited returns from the report.

Note: If catchweight is used in this company, the secondary values and UoMs are printed. The calculation of the line values is secondary value x price for catchweight items.

Select **F8=Submit** to submit the batch print job.
