Chapter 4

Reports

Requisitions Report

1/RQR

To produce a report detailing the current status of requisitions. The report may be sequenced by supplier, purchase officer, department or requisitioner. Valid, invalid, or all requisitions may be selected to report.

Requisitions Report Selection Screen

This enables you to select the requisitions required, and submit the batch program to create the report.

RQ205	Z1 - Demonstration Company	USER SP1	26/08/94 12:02:28

Requisitions Report

All/Outstanding 2 (1=All,2=Outstanding)

Sequence by 1 (1=Supplier,2=Purchase Offr.,3=Department,4=Requisitioner)

Enter selection criteria (blank for all)

Release flag

Item?.. _____ Department?.. _____

Supplier?.. _____ Requisitioner?.. _____

Purch. Offer .?.. _____ Order class?..

Stockroom?..

Error status (1=Valid,2=Invalid,Blank=All)

F3=Exit F4=Prompt

Fields:

All / Outstanding

- 1 - All requisitions
- 2 - Outstanding requisitions

Sequence By

- 1 - Sequence the report by supplier
- 2 - Sequence by purchase officer
- 3 - Sequence by department
- 4 - Sequence by requisitioner

Selection Criteria:

Release Flag

Optionally enter a value to limit reporting to requisitions with the release flag entered.

Item

Optionally enter a valid Item Code to select only requisitions for this item.

Department

Optionally enter the department of the company for which the requisitioned items are required.

Supplier

Optionally enter a valid Supplier Code to select requisitions only for this supplier. If DRP is installed for this company, a valid Centre Code may be entered to select requisitions for items supplied by this Centre.

Requisitioner

Optionally enter the person responsible for creating a manual requisition.

Purch Offcr

Optionally enter a valid Purchase Officer number to select only requisitions for which he / she is responsible.

Order Class

Optionally enter a valid order class to select only requisitions with this class.

Stockroom

Optionally enter a valid Stockroom code to select only requisitions for this stockroom.

Error Status

1 - To select only requisitions with no error flags set.

2 - To select only requisitions with one or more error flags set. Leave blank to select both valid and invalid requisitions. The default is blank (all).

Press **Enter**. The selection criteria is validated and a batch program submitted to the job queue to create the report.

The generated report is in either Purchase Officer, Supplier, Department or Requisitioner sequence, as selected.

Page breaks are created on change of Purchase Officer, Supplier, Department or Requisitioner (or on overflow).

The details printed for each requisition are:

- Purchase Officer
- Order quantity and unit of measure
- Item
- Due date
- Unit price and unit of measure
- Value of Requisition
- Item description

Total values are given at the following levels:

- Purchase Officer
- Supplier
- Department
- Requisitioner
- Company

Requisitions to be Authorised

1... 11/RQR **2...**

This report details requisitions to be authorised.
