Requisitions Purge.

This utility will **permanently** delete from file all **inactive** requisitions dated on or before the date specified below.
An audit report will be produced detailing the deleted requisitions.

Company Code.. Z1 (Blank for all)

Purge Date.... 171094 (DDMMYY)

F3=Exit F8=Update

Fields:

Company Code

Enter the code of the company for which requisitions are to be deleted. This field defaults to the current company. Leave this field blank to delete requisitions from all companies.

Purge Date

Specify the last day up to which all inactive requisitions will be deleted.

Press **F8=Update** to start a batch job which will delete the requisitions and create the audit report.
