Supplier, Reference, Item and Profile Enquiries

**/APE**

This section deals with the four linked enquiries of the Accounts Payable Enquiries and Reports menu, which are:

Supplier Enquiry

- This displays information about the supplier account.

Supplier Reference Enquiry

- This displays the details of a particular item using the supplier reference number as the search key.

Item Enquiry

- This displays the details of a particular item using the internal reference number as the search key.

Recurring Profile Enquiry

- This displays recurring profile data.

Note: If you are working in a multi-currency environment then the enquiries will display both transaction and base values.

The structure of this section is clarified by the following diagram, which shows the extent to which the four enquiries listed above are interrelated:

A Supplier Enquiry

1... **1/APE**
2...

Fields:

Supplier Code

Enter the supplier account code that is to be enquired upon. Press **Enter** to display the supplier's account details. This opening screen displays current balances for items logged against the supplier and for items transferred to the ledger. The total outstanding to the supplier is given.
