Chapter 4

Reports

Reports Introduction

You can choose which parameters you want to include within the report, before you run the report. In general, these standard reports print on standard listing paper with 132 print positions and 6 lines to the inch.

All reports print with the procedure or program number in the top left corner and the page number, date and time in the top right.

Demand Forecast Report

1/FCR

This report provides a detailed listing of all Forecasting Models, Groups, and Items, showing the demand forecast for the next 12 or 13 periods.

The system also aggregates item forecasts to Group Level that are shown at the end of all the items within the Group.

Frequency - As required.

Stationery - Standard Listing Paper.

New Page - New Group, Overflow.

Totals - Forecasts By Item, Item Forecasts By Group.

Demand Forecast Report Selection Screen

Select Demand Forecast Report.

Use this screen to enter your selection details for the Demand Forecast Report.

FC019	Z1 - UK Demonstration Company	User GBJBANB4	9/04/98 10:59:54
Demand Forecast Report - Select			
Model.....?..	C1	Midlands DRP Centre	
Group from.....?..	___		
Group to.....?..	___		
Print values.....	0	(0=None, 1=Cost 2=Sales, 3=Both)	
F3=Exit F4=Prompt F8=Submit			

Fields:

Model

Enter the Forecasting Model for which you want to produce the report. Leave blank to include all Models.

Group From/To

Leave both blank to select all Groups. Enter a range of Group codes to select these groups only. To select a single group enter the code in the From field and leave the To field blank.
