Chapter 3

Enquiries

By Item

1/WHE

Use this enquiry to find out a particular item's location and status. You can enquire by:

- Picking Location
- Fixed Locations
- In Rotation Date sequence
- Location rules by area and item
- Range of Location
- Area
- Warehouse.

Warehouse Enquiry By Item Selection Screen

To display this screen, select the By Item option.

Use this screen to select the item and method you want to enquire on.

WH300	Z1 - Demonstration Company Central Warehouse	USER SP1	01/09/94 12:00:00
Warehouse Enquiry by Item			
Item.....?..	5006		
Lot.....?..			
OR			
Label number..?..			
Enquire by.....	8	1=Pick location 2=Fixed locations 3=Rotation date 4=Location rule by item 5=Location rule by area 6=Range of locations 7=Area 8=Warehouse	
F3=Exit F4=Prompt F5=Refresh			

Fields:

Item

Enter the item for which you want to display the details.

Lot Number

Enter a Lot Number for the item.

Label Number

Enter a Label Number.

Note: you can enter either the Item and Lot number or the label number, not both.

Enquire By

Enter one of the following:

- 1 - Pick location. To only check the pick location defined for the selected item.
- 2 - Fixed locations. To only check the fixed locations defined for the selected item.
- 3 - Rotation date. To display the item's locations in the warehouse in rotation date order.
- 4 - Location rule by item. To only check the locations defined by an item rule. Enter the item rule to use.
- 5 - Location rule by area. To only check the locations defined by an area rule. Enter the area rule to use.

6 - Range of locations. To only check a selected range of locations. Enter the From and To location that limit the range.

7 - Area. To only check the locations with a selected area. Enter the area.

8 - Warehouse. To check all locations within the default warehouse.

After you have made all the appropriate selections, press **Enter**. The resultant qualifying locations display on the Warehouse Enquiry Range Of Locations Screen.

Warehouse Enquiry Range Of Locations Screen

To display this screen, enter the selection criteria on the Warehouse Enquiry By Item Selection Screen, and press **Enter**.

This screen displays the locations selected in the sequence defined.

The screen displays the item and lot number and for each location, the area, the lot number, rotation date, packaging type, label and quantity available.

Tip: The lot number, rotation date, and pack type only display when it is different for a particular location.
