Chapter 8

Enabled Activities List (appendix)

Why Read This?

Tip: This is an appendix. Only read this if you are interested in knowing which activities have been enabled in each software version of System 21. Refer to Chapter 4, called Enabling Existing Elemental Activities.

Note: For historic reasons the activities listed here do not follow the convention for Activity Codes as explained in the Chapter called Enabling Existing Elemental Activities.

Sales Order Processing

The following Sales Order Processing activities were Work Management enabled.

Note: Please assume that they were enabled for version 3.5.1 unless the version is specifically stated as 3.5.2.
